Rover: 1.4 D, 1.5 D

**Part no.:** 532 0020 10

**OE nos:**

Citroën: 0830.37

Fiat: 9400830379

Lancia: 9400830379

Nissan: 13077-6F901

Peugeot: 0830.37

Rover: LHV100080

Image 1: 532 0020 10 – INA plastic guide pulley with accompanying fixing bolt

The package contents for part no. 532 0020 10 have been optimised. Thanks to the design of the guide pulley, the M10x55 bolt can be used for all of the vehicles listed. The M10x50 bolt and the washer are no longer required. The pack therefore contains a plastic guide pulley (Image 1, left) and an M10x55 bolt (Image 1, right).

As described in Service Information INA 0070, it is possible that a metal guide pulley is still installed in the above-mentioned vehicles. The plastic guide pulley replaces the metal guide pulley.

The plastic guide pulley meets the technical requirements without restriction and differs only in terms of the running surface material.

Observe the specifications of the vehicle manufacturer!
